

2009 LUGGAGE REQUIREMENTS

Luggage Requirements: Two (2) 28¹x22¹x14¹ luggage pieces

Free baggage allowance takes into consideration the reasonable baggage requirements of those traveling on AirTran Airlines. Luggage will be checked at the AirTran check-in area. Backpacks are allowed as a free extra as a carry on item.

The luggage requirements are being specifically determined by **Amtrak**. Amtrak is our rail transportation provider from New York city to Washington DC. Amtrak allows each passenger **(2) two 28¹x22¹x14¹** luggage pieces. In addition Amtrak allows for a back pack and or purse as a carry on piece.
